

Raintree Quilters Guild Social Media Rules for any Raintree sponsored Social Media Page/Group

We want to keep our social media site(s) a welcoming place for all members of Raintree and friends of Raintree to be able to obtain information about the guild, upcoming guild events, and for those times that we need a little advice or help in something quilting related. So with that said, please see the below rules.

1. Please keep this site clean and free of any spam.
2. We are not a sale site, please do not post any items that you are selling individually.
3. Please keep comments and posts friendly and clean of any inappropriate language/pictures/images, etc.
4. This site is not for members or friends of Raintree members to voice negative feedback that could be hurtful to the guild as a whole or any of the guild's members.
5. No live streaming/video streaming without prior approval from social media guild's administrators of said page/group or Guild Executive Board is allowed.

Any post or comment that is deemed by the social media guild's administrators/Guild Executive Board to be in violation of the above rules will be removed/deleted. Please note the rules may change from time-to-time if the need warrants it.
